

## Parents Needed for Research Focus Group!

Are you the parent of a preschooler or toddler?

Has your child been tested for speech or language delay, but did not qualify for speech therapy? We are interested in learning about your experience. We want to learn from you!

What is involved?

- 2 separate focus groups on University of Maine campus lasting about 2 hours, audiorecorded.
- Earn \$50 for each session.
- Brief questionnaire on family (5-10 min. time).
- Child care available.
